

# CASCADE FLYER

Website <http://co-opa.com>

August 2020, Vol. 20, Issue 8

## **President's Message:**

Kim Muinch, our web meeting organizer is out of town, so only an in person meeting this month. This Third Thursday (20 August) we'll meet outside at the Bend Builder's Assist hanger. Bring your own dinner to eat at 6pm. We'll have the usual program at 6:30pm. The Bend Builder's Assist hanger is on the South West corner of the airport, at 63032 Powell Butte Hwy. Here is a small sign up high facing the highway. Many thanks to Mike Robertson allowing us to use his space.

Weather Underground forecasts low 80s and Partly Cloudy for our fly-out day. This Saturday. The weather for Saturday morning on the Willamette Valley and on the coast does not look good, but clearing later. Ideas anyone?

## **Garmin Apollo GX50/55/60/65?**

We have located a Jeppesson programmer, but other events have taken priority. Progress on that project will happen soon.

## **Rent 2020:**

There has been a lot of work done to protest the KBDN fee hikes. As many of those on this list are nor KBDN tenants you have been spared the daily updates. There will be an update meeting on August 26<sup>th</sup> at 6:30pm at Bend Builders Assist. If you want the daily updates, get on that mailing list by emailing Kim Muinch <[kmuinch@hotmail.com](mailto:kmuinch@hotmail.com)>.

## **Newsletter Inputs:**

Check out current and past CO-OPA newsletters, view our membership list and view hot aviation links on our website at:

## **Calendar:**

- 20 August – Monthly Meeting
- 22 August – Monthly Fly-out
- 24 August – Rent 2020 Meeting
- 17 September – Monthly Meeting
- 19 September – Monthly Fly-out
- 15 October – Monthly Meeting
- 17 October – Monthly Fly-out

## **Fly-Out:**

Our July Fly-out was to Pacific City Airport (KPFC). On our arrival the fog was just touching the downwind leg, but otherwise the weather was perfect. A nice breeze right down the short runway allowed everyone to stop in the first half of the short runway. Robin from the Friends of Pacific City Airport met us on landing and gave us a complete tour of the airport as well as the “downtown” area.

There are new restrooms next to parking, and even loaner bikes to get around town. Camping is available on field. They do request you call ahead for availability.

Sadly Fat Freddie's is no more, their web site is still up, but it's now a completely different place. So Robin led us to The Oar House. We all had nice seafood for lunch while looking outside at the Nestucca River as it flows by.

The takeoffs were even better than the landings. The wind had picked up to about 15, the temperature about 65F, and we could not have gotten closer to sea level. All the airplanes jumped off the runway for the smooth trip home.

Several airplanes also went on a bonus Fly-Out to a Fly-In Movie on the Joseph airport. No trip reports about that yet.
